Portfolio: bharathibalu19.github.io/portfolio

AWS Cloud Quest
Cloud Practitioner
Verify Badge

PROFESSIONAL SUMMARY

Cloud engineering aspirant and B.Tech Information Technology graduate with hands-on exposure to AWS (EC2, S3, Lambda) and Microsoft Azure, backed by an AWS Cloud Quest: Cloud Practitioner training badge. Strong foundation in Python, REST APIs, databases, Git/GitHub, and object-oriented programming, with experience building and securing backend-driven applications. Eager to contribute to cloud deployment, automation, and scalable solutions as a Cloud Engineer.

TECHNICAL SKILLS

Cloud Platforms	AWS, Microsoft Azure
AWS Core Services	EC2, S3, IAM, CloudWatch, RDS, VPC, Lambda
Cloud Concepts	Compute, Storage, Networking, Database and Security Services (AWS Cloud Quest)
Operating Systems	Linux/Ubuntu, Windows
Scripting	Shell Scripting (Bash)
Programming Languages	Python, C, JavaScript
Backend & APIs	Flask, Django, Node.js, Express.js, REST APIs, MERN Stack
Databases	MySQL, MongoDB, SQLite
Version Control	Git, GitHub
Core CS	Data Structures & Algorithms, Object-Oriented Programming, DBMS
Web Development	HTML5, CSS3, React.js

CLOUD & APPLICATION PROJECTS

Campus Buddy — Voice-Guided Navigation System
Python (Flask), gTTS, Speech Recognition, SQLite

- Developed a voice-guided navigation system using Python and Flask to help 35+ campus visitors locate departments.
- Integrated Speech Recognition and Google Text-to-Speech (gTTS) for real-time voice guidance, achieving 90% guidance accuracy.
- Added Tanglish (Tamil + English) support to improve accessibility for local users.

Project Approval System (MERN Stack)
MongoDB, Express.js, React.js, Node.js, REST APIs

- Built a multi-role system with separate student, reviewer, and admin portals to manage project submissions and approvals.
- Implemented JWT authentication, password hashing, and protected routes to secure access for different user roles.
- Designed MongoDB schemas and REST APIs to manage project data and status updates.

INTERNSHIP EXPERIENCE

Microsoft & AICTE (Edunet Foundation) — AI Concepts Virtual Internship 04/2025 – 05/2025

- Completed a 4-week Microsoft-curated internship covering Machine Learning, Deep Learning, and NLP through hands-on modules.
- Developed an AI-based Resume Analyzer using NLP to semantically match resumes with job descriptions and generate skill-gap feedback.

EDUCATION

B.Tech Information Technology — EGS Pillay Engineering College 2022 – 2026
CGPA: 7.8 | Relevant Coursework: Cloud Computing, DBMS, Data Structures & Algorithms, Object-Oriented Programming

Class XII — Shyamala Girls Hr. Sec School 2021 – 2022
76%

Class X — Shyamala Girls Hr. Sec School 2019 – 2020
70%

CERTIFICATIONS & TRAINING

AWS Cloud Quest: Cloud Practitioner (Training Badge) — Amazon Web Services (Verify Badge)
AI Concepts Virtual Internship — Microsoft & AICTE (Edunet Foundation)
